

I'm Willow, the Desert Curandera, a local healer here in Joshua Tree.
I bring private wellness experiences to you, right where you're staying.

Whether beneath the open sky or in the quiet of your living space, each experience is designed to complement your surroundings and bring something restorative and memorable to your time here.

MOST POPULAR EXPERIENCES

Shamanic Reiki + Sound Healing

A private 2-hour, one-on-one healing session devoted entirely to you.

Visionary Shamanic Journey

Step beyond ordinary thinking. Guided by breathwork and shamanic drumming, you journey into the Animal World. Offered as a private 1:1 session or a shared group experience.

Restorative Sound Bath

A Reiki-infused sound bath with crystal and Himalayan bowls and other instruments, brought right to your stay. Ideal for couples and groups who want to experience it together.

Stargazing + Sound Bath

When the sky is clear and the moon is dark, Joshua Tree puts on a show of its own. I guide you through an evening under the stars, combining stargazing with a sound bath.

Have a Pool? Try a Floating Sound Bath

Float on comfortable rafts while bowls and other instruments are played around you. Sound travels differently over water, creating an experience unlike a traditional sound bath. Offered at your property, weather permitting. No swimming necessary.
